Statement of Family Law Value Active Plan Member with a Defined Benefit Family Law Form FL-4B

(Under section 67.2(9) of the Pension Benefits Act)

This statement provides the imputed value under the Pension Benefits Act and Family Law Act, for a Plan Member who was an active member of the pension plan on the family law valuation date (e.g., separation date). It is completed by the plan administrator. This statement is provided to both the Plan Member and the Plan Member's spouse, regardless of who makes the application.

The imputed value (referred to as **family law value** on this statement) is the value of the pension benefit that was accrued during the spousal relationship. It is calculated as of the family law valuation date. The family law value is used in the calculation of the Plan Member's net family property. This statement does not entitle the Plan Member's spouse to a portion of the pension benefit.

This statement includes details of how the family law value was calculated. If you have questions about the calculations, contact the plan administrator.

Information about the pension valuation and division process can be found in the [Pensions and Marriage Breakdown – a Guide for Members and their Spouses](#).

Part A – Family Law Value

Name of Plan Member

Last Name	First Name	Initials	Applicant <input type="radio"/> Yes <input type="radio"/> No
-----------	------------	----------	--

Name of Plan Member's Spouse

Last Name	First Name	Initials	Applicant <input type="radio"/> Yes <input type="radio"/> No
-----------	------------	----------	--

You and your spouse have proposed two valuation dates. The plan administrator will therefore provide two statements. This statement sets out ONE of the two proposed family law values. Yes No

The starting date of your spousal relationship is (yyyy/mm/dd): _____

The starting date is based on:

- your marriage date
- the date when you and your spouse started living together in a common-law relationship
- the date that was jointly chosen by you and your spouse
- the date specified in your court order or family arbitration award

Your **family law valuation date** is (yyyy/mm/dd): _____

The **family law value** as of this date is: \$ _____ GROSS

The Plan Member should include the gross family law value as an asset on the Plan Member's financial statement. The Plan Member should also list future tax liability for the pension as a debt on the financial statement. Consult a family law lawyer or financial advisor for advice on calculating the future tax rate. Neither the plan administrator nor FSRA can provide assistance on determining the future tax liability, completing the financial statement or calculating net family property.

The **maximum amount** that may be transferred as equalization to the Plan Member's spouse is: \$ _____ GROSS

IMPORTANT:

See [Pensions and Marriage Breakdown – a Guide for Members and their Spouses](#) for treatment of interest.

Part D – Information about the Plan Member's Spouse

Last Name	First Name	Initials	Date of Birth (yyyy/mm/dd)
-----------	------------	----------	----------------------------

Part E – Transfer Options for the Plan Member’s Spouse

If the Plan Member is required to make an equalization payment, up to 50% of the family law value can be assigned to the Plan Member’s spouse in a court order, family arbitration award or domestic contract. In that event, the following transfer options are available to the Plan Member’s spouse:

- Transfer lump sum to a locked-in retirement account (LIRA) or to a life income fund (LIF). (Note: The earliest date the Plan Member’s spouse may buy a LIF is anytime during the calendar year before the year they turn 55 years of age. Up to 50 per cent of the money that is transferred into the LIF may be withdrawn within 60 days of transferring the money to the LIF using FSRA’s **Form 5.2 – Application to withdraw or transfer up to 50% of the money transferred into a Schedule 1.1 LIF.**)
- Transfer lump sum to another pension plan in any Canadian jurisdiction. This option will only be available if the plan administrator of the receiving pension plan agrees to accept the transfer and administer the transferred amount in accordance with the Ontario Pension Benefits Act.
- No transfer options are available. This is because:

Part F – Pension Fund Status

The **transfer ratio** of the pension plan for the purposes of this statement is: _____

Note: The transfer ratio of a pension plan reflects the funded status of the pension plan as of a specific date and may change. If the transfer ratio is less than 1.0 at the time of payment, there may be limits on the plan administrator’s ability to transfer the entire family law value amount to the Plan Member’s spouse. Any balance owing could be paid within five years of the initial payment.

Part G – Certification by the Plan Administrator

I certify that this statement is accurate based on the information provided by the applicant in their **Application for Family Law Value (Family Law Form FL-1)** and the data contained in the pension plan records.

Name of plan administrator or plan administrator’s authorized agent or representative (printed)

Next Steps

If Your Decision is Not to Divide the Family Law Value

- Consider informing the plan administrator that the family law value is not going to be divided.
- Consider updating your spouse and beneficiary designation information.

If Your Decision is to Divide the Family Law Value

1. Finalize the court order, family arbitration award or domestic contract. This document must:
 - a. state the family law valuation date;
 - b. include the name of the pension plan (as stated in **Part B**);
 - c. authorize the lump sum transfer from the pension plan; and
 - d. state the amount to be transferred as either a specified amount (\$) or a percentage (%) that does not exceed 50% of the family law value.
2. The court order, family arbitration award or domestic contract must be a certified copy. A “certified copy” is a copy of the original document that has been certified as being a true copy of the original document.
3. The Plan Member’s spouse must complete the **Spouse’s Application for Transfer of a Lump Sum (Family Law Form FL–5)** and send this form together with the final court order, family arbitration award or domestic contract (as applicable) to the plan administrator. The plan administrator may also require the following additional information:

IMPORTANT:

If the Plan Member terminates or retires before the Plan Member’s spouse submits the **Spouse’s Application for Transfer of a Lump Sum (Family Law Form FL–5)**, the plan administrator may not be able to fully implement the transfer.

Worksheet – Calculation of Preliminary Value, Family Law Value and Maximum Transfer

The Worksheet and Additional Disclosure sections provide details and data on the calculations for independent verification. Any calculations that are not applicable will be left blank by the plan administrator.

The following information is provided on the Worksheet:

- Step 1 is the calculation of the preliminary value.
- Step 2 is the calculation of the family law value.
- Step 3 is the calculation of the maximum transfer.

Step 1 – Calculation of Preliminary Value

Note: The **preliminary value** is the total value of the pension accrued by the Plan Member as of the family law valuation date. It has not been adjusted to reflect the period of the spousal relationship.

The following **Calculation** applies to the Plan Member:

- The family law valuation date is **on or before** the Plan Member’s early unreduced retirement date. See **Calculation 1**.
- The family law valuation date is **after** the Plan Member’s early unreduced retirement date. See **Calculation 2**.
- The pension plan is wound up. See **Calculation 3** if the Plan Member is included in the wind up group and the effective date of the wind up is **on or before** the family law valuation date. See **Calculation 1 or 2** (as applicable) if the wind up occurred **after** the family law valuation date.

Calculation 1:

Family law valuation date is **on or before** the Plan Member’s early unreduced retirement date.

Value “A” is:	\$	Assumed start age for pension Value “A” is:		Weighted Value of “A” is	\$
Value “B” is:	\$	Assumed start age for pension Value “B” is:		Weighted Value of “B” is	\$
Value “C” is:	\$	Assumed start age for pension Value “C” is:		Weighted Value of “C” is	\$
Total Weighted Value is					\$
Weighting factor “T” is: _____ years (includes one-twelfth of a year for each full month during the period)					

Initial preliminary value (total weighted value)	\$	= G
Plus, surplus assets payable, if applicable (0 if not applicable or unknown)	\$	= surplus
Preliminary value as of the family law valuation date	\$	= G + surplus

For information purposes only:

- The preliminary value is the sum of the weighted Values of A, B and C.
- The calculations for Values A, B and C are made based on different assumptions about when the Plan Member will start their pension in the future.
- Value A assumes the Plan Member will start their pension on the date that results in a pension with the greatest value.
- Value B assumes the Plan Member will start their pension at their normal retirement date.
- Value C assumes the Plan Member’s pension will start at the earliest date when they would be eligible to be paid an unreduced pension if their employment or plan membership continued to that date.
- Weightings are assigned to Values A, B and C based on the number of years from the family law valuation date to the date when the Plan Member would be first eligible to retire with an unreduced pension (“T” factor). Weightings for the T factor between those shown on the table are adjusted accordingly.

T factor	Value A weighting	Value B weighting	Value C weighting
30 years or more years	85.0%	6.0%	9.0%
20 years	40.0%	24.0%	36.0%
10 years	10.0%	36.0%	54.0%
0 year	0.0%	40.0%	60.0%

Calculation 2:

Family law valuation date is **after** the Plan Member's early unreduced retirement date

Value "B" is:	\$	Assumed start age for pension Value "B" is:		Weighted Value of "B" is	\$
Value "F" is:	\$	Assumed start age for pension Value "F" is:		Weighted Value of "F" is	\$
Total Weighted Value is					\$
Weighting factor "D" is:	years (includes one-twelfth of a year for each full month during the period)				
Weighting factor "E" is:	years (includes one-twelfth of a year for each full month during the period)				

Initial preliminary value (total weighted value)	\$	= G
Plus, surplus assets payable, if applicable (0 if not applicable or unknown)	\$	= surplus
Preliminary value as of the family law valuation date	\$	= G + surplus

For information purposes only:

- The preliminary value is the sum of the weighted Values of B and F.
- The calculations for Values B and F are made based on different assumptions about when the Plan Member will start their pension in the future.
- Value B assumes the Plan Member will start their pension at their normal retirement date.
- Value F assumes the Plan Member will start their pension on the family law valuation date.
- If the family law valuation date is on or after the normal retirement date, the preliminary value is equal to Value F.
- Weightings are assigned to Values B and F based on the % ratio (E/D ratio) of the number of years from the family law valuation date to the normal retirement date (factor E) over the number of years from the date when the Plan Member would be first eligible to retire with an unreduced pension to the normal retirement date (factor D). Weightings for E/D ratio between those shown on the table are adjusted accordingly.

E/D ratio (%)	Value B weighting	Value F weighting
99%	40.6%	59.4%
75%	55.0%	45.0%
50%	70.0%	30.0%
25%	85.0%	15.0%
1%	99.4%	0.6%

Calculation 3:

The pension plan is wound up, the Plan Member is included in the wind up group and the effective date of the wind up is **on or before** the family law valuation date.

Commutated value of the pension benefit (including any ancillary benefits) as of the wind up date	\$	= X
Plus, accumulated interest from the wind up date to the family law valuation date	\$	= Y
Initial preliminary value (X + Y)	\$	= G
Plus, surplus assets payable, if applicable (0 if not applicable or unknown)	\$	= surplus
Preliminary value as of the family law valuation date	\$	= G + surplus

Step 2 – Calculation of Family Law Value

Note: The family law value is the portion of the preliminary value that accrued during the spousal relationship (married or common-law) as of the family law valuation date.

The preliminary value calculated under Step 1 above	\$	= (G + surplus)
Total credited service accrued by the Plan Member during the spousal relationship period (i.e., beginning on the starting date and ending on the family law valuation date)		= H
Total credited service accrued by the Plan Member during the entire period of employment or plan membership as of the family law valuation date		= J
Family law value formula = (G + surplus) x H/J (Note: H/J cannot exceed 1.)	\$	= family law value

Step 3 - Maximum Amount that May Be Transferred to the Plan Member's Spouse

The portion of the family law value payable to the Plan Member's spouse **cannot exceed 50% of the family law value** calculated under **Step 2** above.

The maximum amount of the family law value that may be transferred as equalization to the Plan Member's spouse from the pension plan is:	\$
