2022 Automobile Insurance Indexation Amounts Guidance

Purpose

This guidance publishes amounts related to auto insurance claims that are subject to indexation under the Insurance Act (“the Act”) and its regulations.

Scope

This guidance affects auto insurance claims that are subject to indexation under the Act and its regulations.

Rationale and background

The Act requires the Financial Services Regulatory Authority (“FSRA”)¹ to publish annually the indexation percentage that applies to:

- deductible amounts for determining non-pecuniary tort awards arising from the use or operation of an automobile on or after November 1, 1996
- monetary amounts set out in the Statutory Accident Benefits Schedule – Accidents after December 31, 1993 and before November 1, 1996 (“1993 SABS”)

The Act also requires FSRA to publish annually:

- revised monetary amounts set out in the 1993 SABS
- revised deductible amounts for determining non-pecuniary tort awards arising from the use or operation of an automobile after December 31, 1993 and before November 1, 1996
- revised monetary thresholds for non-pecuniary tort awards arising from the use or operation of an automobile on or after November 1, 1996

In addition, FSRA also publishes certain related amounts and percentages as a service to stakeholders, including:

- revised deductible amounts for determining non-pecuniary tort awards arising from the use or operation of an automobile on or after November 1, 1996

¹ Pursuant to Sections 267.2 (1), 267.5 (8.5), 268.1 (1), and 268.1 (3) of the Insurance Act, the Chief Executive Officer of FSRA (“CEO”) is required to publish certain indexation percentages, revised monetary amounts, revised deductible amounts, and revised monetary thresholds relating to non-pecuniary tort awards and the Statutory Accident Benefits Schedule – Accidents after December 31, 1993 and before November 1, 1996. Both the CEO of FSRA and FSRA may exercise regulatory authority under the Act. However, for the purposes of this Guidance reference will only be made to FSRA as the CEO may delegate his/her regulatory authority to FSRA staff, as permitted by s. 10(2.3) of the Financial Services Regulatory Authority of Ontario Act.

- indexation percentage for the Statutory Accident Benefits Schedule – Effective September 1, 2010 (“2010 SABS”)
- indexation percentage for the Statutory Accident Benefits Schedule – Accidents on or After November 1, 1996 (“1996 SABS”)

Legislative requirements

Legal requirements for publishing amounts

Subsection 267.2 (1) of the Act requires FSRA to publish revised deductible amounts for non-pecuniary tort awards arising from the use or operation of an automobile after December 31, 1993 and before November 1, 1996, on the FSRA website, before the 1st day of January in each year after 1994.

Subsection 267.5 (8.5) of the Act requires FSRA to publish revised monetary thresholds for non-pecuniary tort awards arising from the use or operation of an automobile on or after November 1, 1996, on the FSRA website, effective the 1st day of January of each year after 2015.

Subsection 268.1 (1) of the Act requires FSRA to publish annually on the FSRA website the indexation percentage for the purposes of non-pecuniary tort awards and the 1993 SABS, before the 1st day of January of each year after 1994.

Subsection 268.1 (3) of the Act requires FSRA to publish annually on the FSRA website the revised monetary amounts set out in the 1993 SABS, before the 1st day of January of each year after 1994.

Legal requirements for determining indexation percentage

Subsection 268.1 (2) of the Act states that the indexation percentage shall be the percentage change in the Consumer Price Index for Canada (All Items), as published by Statistics Canada under the authority of the Statistics Act (Canada), for the period from September in the year immediately preceding the previous year to September of the previous year.

Summary of decision

The 2022 indexation percentage is 4.4%. This indexation percentage applies to:

- monetary thresholds and deductibles for determining non-pecuniary tort awards under the Insurance Act and O. Reg. 461/96 (Court Proceedings for Automobile Accidents that Occur on or after November 1, 1996)
- amounts that are required to be indexed pursuant to the:
 - 2010 SABS
 - 1996 SABS
 - 1993 SABS

Specific revised amounts based on the indexation percentage are set out in Appendix 1 (2022 Monetary Thresholds and Deductibles for Non-Pecuniary Tort Awards under the Insurance Act and O. Reg. 461/96 (Court Proceedings for Automobile Accidents that Occur on or after November 1, 1996)) and Appendix 2 (2022 Indexation Percentage, Revised Deductibles and Monetary Amounts for Automobile Insurance under the Insurance Act and the “1993 SABS”) to this decision.

Effective date and future review

This decision becomes effective on **1/1/2022** and will be reviewed no later than **12/31/2022**.

About this guidance

This document is consistent with [FSRA's Guidance Framework](#). As a Decision, it describes FSRA's rationale for a regulatory decision of precedential value for other parties not involved in the specific matter. Regulatory decisions described in Decision guidance are made based on FSRA's legal authority and are not informal responses to specific inquiries.
